

1. Go to **My User Profile**

2. Go to **Mobile**

3. Download the app from App Store or Google Play to your mobile phone and click “Unmask Cytric PIN and security code” to show your PIN and security code which you need to log into the app.

Welcome to Cytric Mobile

Cytric Mobile brings most important features from Cytric desktop to your mobile device. It allows you to view your itinerary wherever you are, approve trip requests and expense statements, scan receipts for expense reporting and even book your trip.

Cytric Mobile is available for iOS and Android. You can find it following the links below (you will leave Cytric):

Ask your Travel Management for an up-to-date copy of the Cytric Mobile user manual, which is available in the Amadeus Service Hub.

Credentials

To log into your Cytric Mobile app, you need to enter your PIN and security code. Please keep these credentials private at all times. You can also use this page to generate new credentials if you need them (if your old ones have expired, for example).

Your Cytric PIN is: *****

Security code: *****
